James contacted me a year ago because he was unhappy with the MCA.

I wasted a lot of time explaining the MCA and laws to him. He didn't get it.

He whines and complains.

James accomplished NOTHING.

He was unable to produce a single document, MCA meeting video or audio recording, letter, email ... NOTHING!

500% incompetent.

FB alerted me to posts about the MCA in his group and I tried to post a link to my first posting here about the CC&Rs. My post was "moderated", while several FAKE NEWS posts by MAGA David Sullivan promoting racism, fascism, and bigotry were just fine with James.

I don't know whether David Sullivan has dementia or a very low IQ, but he should not be allowed to spew FAKE NEWS anywhere.

I have friends who voted for Trump / Musk because they see these FALSE posts and don't know any better.

Of course, James Garmann can do whatever he wants, it's HIS group and there is no law against allowing FAKE NEWS promoting fascism, racism, bigotry, and hatred.

Here is one of David Sullivan's posts with James' bizarre comments:

Why would I have to see or talk to people before determining that what they WROTE and SHARED publicly makes them racist, fascist, bigots ...?

This is the kind of demented thinking that got Trump elected.

SHOCK: James apparently argues that when people vote for fascism, racism, and bigotry it's ok because the people voted for it!

A little-known FACT: If the Republicans hadn't purged so many voters Harris would be President. There has not been any DOCUMENTED significant voting fraud. The few isolated cases of voting fraud were often Republicans.

Another FACT: Just because so many hateful and deceived people voted for corruption, fraud, oligarchy, ethnic cleansing, genocide, and extermination of the poor, old, and sick (so many of the people in Meadview), doesn't make it right.

Obviously, they were defrauded by Trump / Musk and their MAGA cronies. They believed the lies. And James Garmann continues to use his group to spread FAKE NEWS. What is he thinking?

Americans could vote to lynch every black person and James Garman wouldn't object either?

Is there ANYTHING James Garmann would object to?

That's what happens when people don't have good brains. Blindly following the masses, the FAKE NEWS. So Hitleresque.

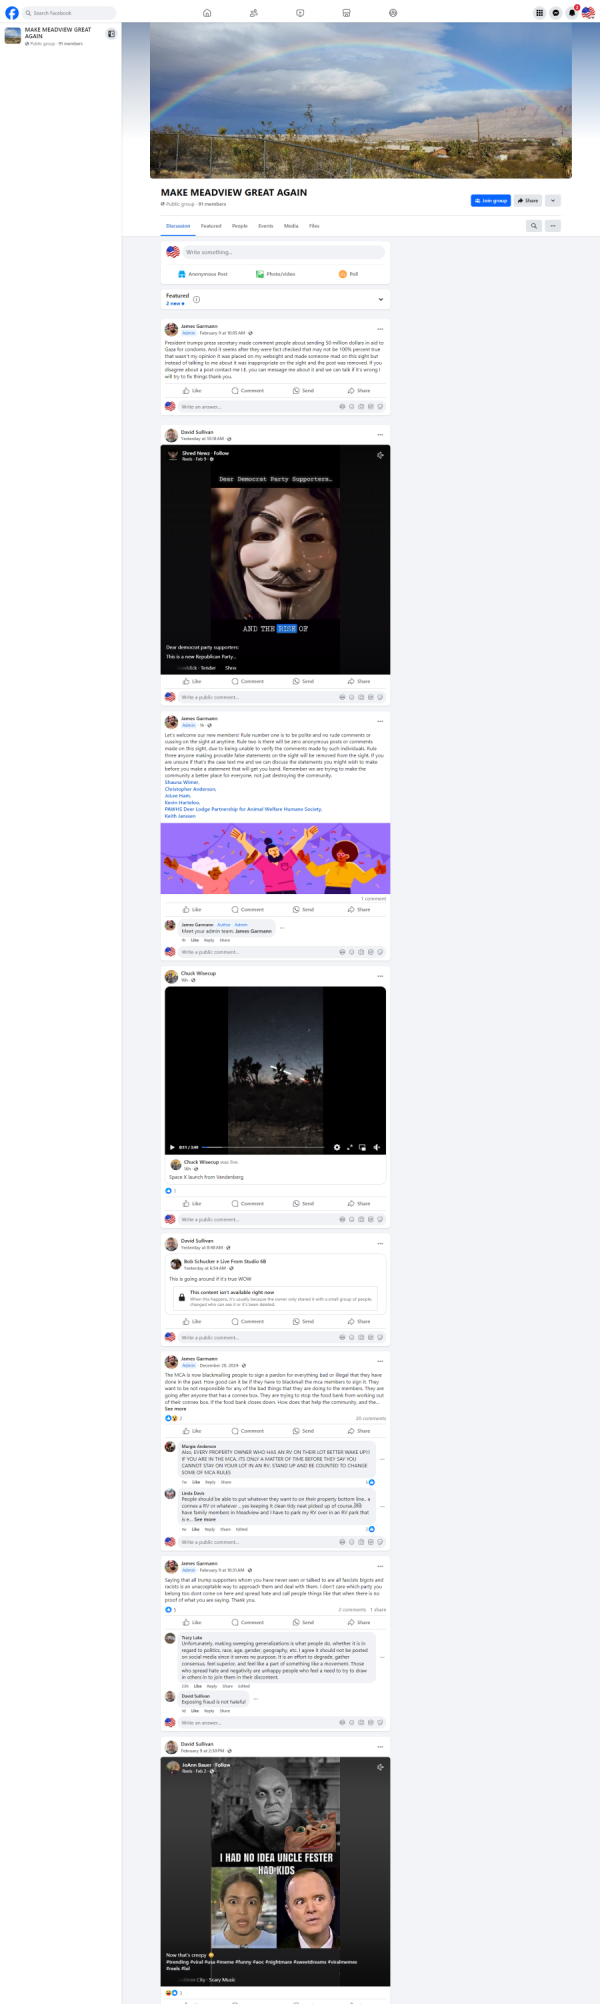

Dementia, alcoholism, drug abuse, low IQ, absence of intellect, most residents using stupidifying phones instead of computers with big screens, eating horrible toxic food causing disease and brain damage ... Like half the voters, the people of Meadview are so easily deceived and manipulated by FAKE NEWS.

- Unable to research and with no sense of right and wrong.
- Advocating for their demise. Like lemmings ...

And the few "good" people are too afraid to stand up for their beliefs.

Terrified of being shunned and attacked.

Here is the 2/11/25 screenshot with the countless MAGA FAKE NEWS after James Garmann banned me for posting FACTS in his "Make Meadview Great Again" FB group [click for full-size display]:

President trumps press secretary made comment people about sending 50 million dollars in aid to Gaza for condoms. And it seems after they were fact checked that may not be 100% percent true that wasn't my opinion it was placed on my websight and made someone mad on this sight but instead of talking to me about it was inappropriate on the sight and the post was removed. If you disagree about a post contact me I.E. you can message me about it and we can talk if it's wrong I will try to fix things thank you.

Let's welcome our new members! Rule number one is to be polite and no rude comments or cussing on the sight at anytime. Rule two is there will be zero anonymous posts or comments made on this sight, due to being unable to verify the comments made by such individuals. Rule three anyone making provable false statements on the sight will be removed from the sight. If you are unsure if that's the case text me and we can discuss the statements you might wish to make before you make a statement that will get you band. Remember we are trying to make the community a better place for everyone, not just destroying the community.

The NCA is now blackmailing people to sign a pardon for everything bad or illegal that they have done in the past. How good can it be if they have to blackmail the mca members to sign it. They want to be not responsible for any of the bad things that they are doing to the members. They are going after anyone that has a cornes box. They are trying to stop the food bank from working out of their cornes box. If the food bank closes down. How does that help the community, and the...

Saying that all trump supporters whom you have never seen or talked to are all fascists bigots and racists is an unacceptable way to approach them and deal with them. I don't care which party you belong too dont come on here and spread hate and call people things like that when there is no proof of what you are saying. Thank you.

Unfortunately, making sweeping generalizations is what people do, whether it is in regard to politics, race, age, gender, geography, etc. I agree it should not be posted on social media since it serves no purpose. It is an effort to degrade, gather consensus, feel superior, and feel like a part of something like a movement. Those who spread hate and negativity are unhappy people who feel a need to try to draw in others in to join them in their discontent.

James Garman deleted not just my comments and my post on the CC&Rs, but almost all MCA-related discussions.

The group is now 90+ % FAKE NEWS.

I messaged James on FB:

> Hey James, I just updated https://highdesertdirt.com/mca/docs/2025-2-9-fb-group-make-meadview-great-again-trump-supporters-posting-fake-news/
>
> Please feel free to submit your thoughts. :)

I will update if James has any thoughts.

Did he end his opposition to the MCA board because they're all Trump supporters?
