

## The Lake Mohave Ranchos Fire District (LMRFD) Needs your

### YES vote this November

For the past three years, LMRFD's revenue has steadily decreased with the 2017-2018 Budget anticipated revenue the lowest at \$921,655.00.

The LMRFD's Ambulance Fleet is aging and in desperate need of repair and replacement. Some of the Districts' ambulances have over 250,000 miles. In the last year, the District spent over \$20,000.00 in ambulance repairs.

The LMRFD is seeking a Property Tax Override for 5 years to pay for a **New Ambulance**. The override would adjust the Fire Tax rate from 3.25 to 3.50.

What does this .25 increase mean to you? If you live in the LMRFD, for the next 5 years if you own property valued by the Treasurer's office at:

- \$100,000.00 dollars, your Fire Tax would increase by \$25.00 a year
- \$70,000.00, your Fire Tax would increase by \$17.00 a year
- \$30,000.00 your Fire Tax would increase by \$7.50 a year

After five years, the tax rate would go back to 3.25, and LMRFD would have a new ambulance to accommodate the needs of our community.

By obtaining a tax override the funds, that would have been used to fund a new ambulance without the override, will be used to repair other fleet vehicles, and buy new fire hose. So help us to help you!

**AGAIN, THANK YOU FOR YOUR SUPPORT**
